Product Description

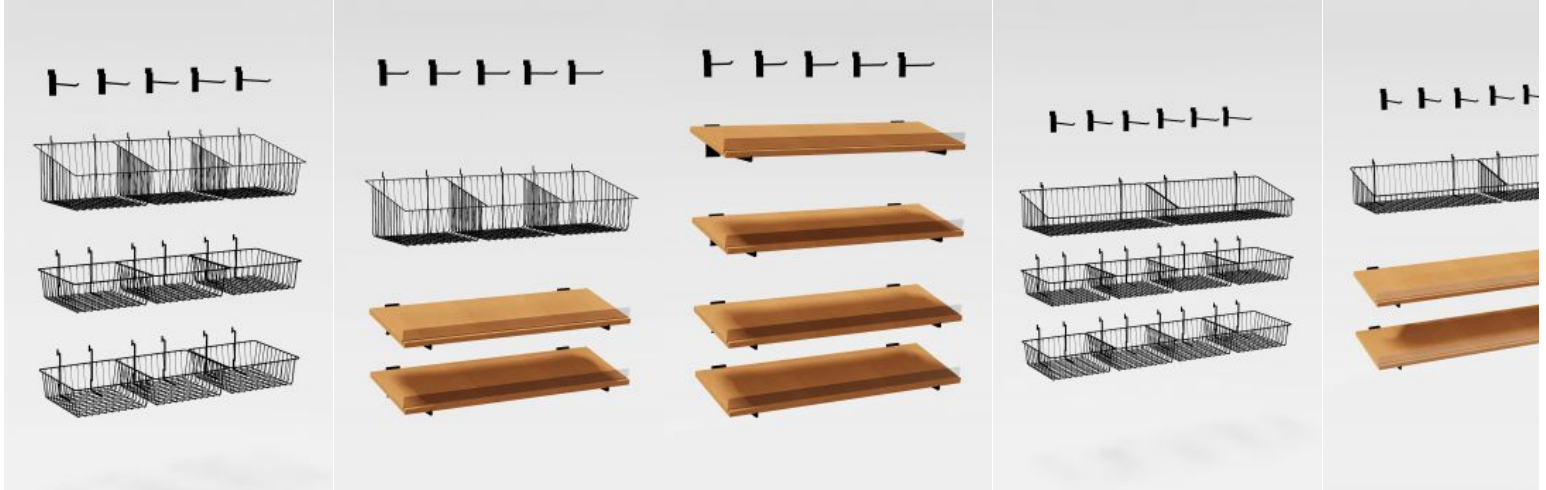

60" Tall Free Standing Merchandiser Series

The FSLSM, a 60" tall free standing merchandiser, provides product display space without blocking line-of-sight in your cafe or micro-market. The FSLSM fixture adds beautiful curves to any space. This fixture **ships fully assembled**. Choose from standard sizes or ask a sales representative about custom sizes. The FSLSM ships fully assembled. The cabinet ships with Hardware Package A. Ask about options at time of order.

High Quality Construction

This stand alone fixture is constructed of engineered particleboard and high pressure laminate and built complete with ¾" arched side walls, slatwall main wall and 12" base cabinet. The 60" tall arched sides give the appearance of built-in permanence, however this free

standing merchandiser fixture stands on it's own. There are three different Accessory packages available. Specify the desired basket or shelving package from the drop down menu above or at time of order. Ask about the optional finished outside back panel, custom color combinations, special sizes and more. Our free standing merchandiser line is designed to be set in place, loaded with product and ready for the operation of your Micro-Market to start.

Hardware Accessory Packages for Free Standing Merchandiser Fixture Details
